Subject: OG&E Road Closure
Importance: High

For Immediate Release

Contact: Stacey Parker
City Of Norman
366-5404
stacey.parker@normanok.gov

Beginning Thursday February 27, 2014, OG&E will be temporarily closing Cedar Lane Road to traffic between 12th Avenue SE and US-77 (Classen Boulevard) to relocate utility poles for the City's upcoming Cedar Lane Road Bond Project. Signs will be placed to detour the traveling public around the construction using State Highway 9. Access will be provided to local property owners within the closure area. The closure will be between 9:00 A.M. and 4:30 P.M for each working day. Weather permitting, the utility pole relocation project will be completed by March 12, 2014.

The Cedar Lane Road (Bond) Widening Project is a \$9.8 million street improvement project approved by Norman voters in August 2012. When the project is completed, the roadway will be widened to four lanes with 5-foot bike lanes, the intersection of 12th Avenue SE and Cedar Lane Road will be widened and signalized, dual left turn lanes from 12th Avenue SE onto eastbound Cedar Lane Road, the railroad at grade crossing will be upgraded and 5-foot sidewalks will extend the length of the project on both sides of Cedar Lane Road. The Oklahoma Department of Transportation will be administering the construction of the project on behalf of the City of Norman. The bid opening for the project will occur on March 20, 2014 with an expected start date of construction in mid-June, 2014.

Additional questions may be directed to Mr. Josh Malwick, City of Norman Capital Projects Engineer, at (405) 366-5454.
